Mobile refuelling in a new design!

NEW
new design &
new capacities

Electric pump
CENTRI SP 30,
12 V, 30 L/min

Electric pump
12 V, 40 L/min

DT-Mobile Easy 210 and 440 litre

Approved for transport for immediate consumption according to ADR 1.1.3.1 c).

Container:

- 210 litre and 440 litre, polyethylene, single-walled
- integral delivery nozzle holder
- integral filling nozzle
- integral vent with pressure relief
- integral forklift slots and handles
- integral recesses for tie-downs during transport

Pre-assembled pump:

- self-priming, pump 12 V 40 L/min, with automatic or manual nozzle, 4 m filling hose and 4 m electrical cable

or

- pump CENTRI SP 30, 12 V, 30 L/min, **extremely quiet**, with automatic nozzle, 4 m filling hose and 4 m electrical cable

Designation	Capacity litre	Dimensions in cm (l x w x h)	Weight approx. kg	Order no.
Electric pump CENTRI SP 30, 12 V, 30 L/min, automatic nozzle	210	78.5 x 59.5 x 68.5	18.8	10978
Electric pump 12V, 40 L/min, automatic nozzle			21.6	10979
Electric pump CENTRI SP 30, 12 V, 30 L/min, automatic nozzle, <i>hinged lid</i>			20.5	10981
Electric pump 12V, 40 L/min, automatic nozzle, <i>hinged lid</i>			23.3	10982
Electric pump CENTRI SP 30, 12 V, 30 L/min, automatic nozzle	440	118 x 80 x 71	32.5	10984
Electric pump 12V, 40 L/min, automatic nozzle			35.3	10985
Electric pump CENTRI SP 30, 12 V, 30 L/min, automatic nozzle, <i>hinged lid</i>			36.3	10987
Electric pump 12V, 40 L/min, automatic nozzle, <i>hinged lid</i>			39.1	10988
